(Some new cars under warranty 15,000km/12 months)

Every 40,000km/2 years

A/C cabin filter
Air filter
Brake fluid
Brakes
Coolant flush
Diff oil

Spark plugs
Transmission service (manual)
Tyres & wheel alignment

Every 60,000-80,000km /3-4 years

Battery
Fuel filter

Transmission service (auto)

Every 80,000-120,000km /4-6 years

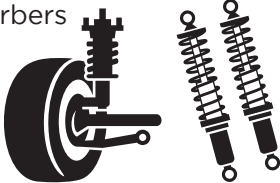

Clutch (manual)
Platinum spark plugs

Timing belt & water pump
Wiper rubbers

Every 120,000km/6 years

Shock absorbers

Service items are replaced either by km's or time - whichever comes first.

Timeframes are based on normal driving conditions. Adverse driving such as heavy traffic, heavy braking and accelerating will increase replacement frequency.
